

Domestic & International Project Management

MAIOR provides Project Management capabilities across industries and jurisdictions. We can assist with the recruiting, screening, deployment and management of highly-skilled professionals. MAIOR can manage all of the required international documentation, including visa screening and background checks for our international partners. Our network of domestic and international human capital and logistics partners reduces cost and financial exposures to our clients, maximizing return on investment and long-term results.

Our Mission

MAIOR's goal is to provide high-quality talent at a cost effective level for critical and non-core positions from global sources to our diversified clients across multiple domestic and international locations.

MAIOR's Strategic Advantage

MAIOR has years of experience providing high-quality talent in critical positions around the world. Our programs offer cost effective and mission critical strategic advantages to the constant challenges being faced in today's fast moving workplace.

The Department of Labor projects that as much as 26% of the US workforce will be managed through flexible programs and alternative staff retention models over the next two decades. The financial impact on employers and employees will be dramatic and far-reaching.

Employment organizations that can provide rapid, efficient and coordinated solutions to changes in their client's staffing needs will provide a competitive advantage and contribute to their client's strong financial results.

MAIOR provides cutting-edge and fiscally responsible solutions to one of the biggest challenges that successful companies face:

Human Capital Management

Outsourcing

The Outsourcing of non-core operational functions has proved to deliver solid and strategic business advantages. Human Resource challenges are also met with effective solutions to integral components:

- ◆ Improving service quality and timely delivery
- ◆ Reducing costs and liabilities associated with business non-compliance
- ◆ Gaining access to outside expertise and technology
- ◆ Competitive and comprehensive employee benefits
- ◆ A cost-effective Master Worker's Compensation plan

Careful alignment and delegation of Human Resource tasks increases efficiency and enhances employee productivity. MAIOR manages this transactional side of our client's business so that less time is spent on purely administrative tasks. Our clients are able to focus on more strategic initiatives that contribute directly to their bottom line.
